"Pape's Diapiesin" Cures Sick, Sour
Stomach in Five Minutes—Stop
Starving Stomach!

"Really does" put bad stomachs in order—really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that just makes Pape's Diapiesin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Pape's Diapiesin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapiesin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.—Advt.

Special "Health Warning" for March.

March is a trying month for the very young and for elderly people. Croup, bronchial colds, lagrippe and pneumonia are to be feared and avoided. Foley's Honey and Tar is a great family medicine that will quickly stop a cough, check the progress of a cold, and relieve inflamed and congested air passages. It is safe, pure, and always reliable.—Advt.

Just Right for Backache and Rheumatism

Foley Kidney Pills are so thoroughly effective for backache, rheumatism, swollen, aching joints, kidney and bladder ailments that they are recommended everywhere. A. A. Jeffords, McGraw, Nebr., says: "My druggist recommended Foley Kidney Pills for pains in my back, and before I finished one bottle, my old trouble entirely disappeared."—Advt.

LABOR MEN WIN IN TRANSVAAL.

Get Majority at Elections to Provincial Council.

Johannesburg, March 20.—Labor candidates were successful in winning a majority in the Transvaal Provincial council at the elections Wednesday.

The elections were fought out on the question of the recent deportation of labor leaders.

TOO MANY CHILDREN

are pale and frail—backward in studies—with pinched faces and poor blood—their minds and bodies are actually starved because their regular food does not nourish.

Such children need **Scott's Emulsion** above everything else; it contains nature's rarest life-giving fats; it is essentially food value—blood-food and bone-food, free from wine, alcohol or harmful drug.

Scott's Emulsion often builds many times its weight in solid flesh—its medicinal, tonic and nutritive properties make all good food do good.

IT IS NOT A PROP, BUT A FOUNDATION FOR STURDY GROWTH.

SUFFRAGISTS LOSE FIGHT

Senate Fails to Adopt Resolution Favoring Ballot for Women

THOUGH IT HAD
MAJORITY OF ONE

Senators Dillingham and Page Voted Against the Amendment

Washington, D. C., March 20.—Women's suffrage advocates lost their fight in the Senate yesterday for a resolution proposing an amendment to the constitution proposing an amendment to the thirty-fourth. A two-thirds vote is required for passage.

Suffrage leaders jubilantly point to the majority of one as conclusive proof that their cause has scored a triumph even in defeat. The southern senators are against the amendment contending that it would complicate the negro question.

Senators Page and Dillingham voted against the amendment.

LOSES RINGS AT BATH, SHOOT TWO

Other Patrons Find Isaac Swimer, an Engineer, Standing Over His Room Mate.

New York, March 20.—When Isaac Swimer, an engineer, woke up yesterday in an East Side Turkish bath establishment in the same room with a number of other recumbent, sheet-clad figures, he discovered that his two diamond rings, valued at more than \$300, were missing. Turning to Louis Baumgarten and Samuel Connor, who were sleeping next to him, he accused them of the theft.

In the altercation that followed there were two revolver shots. In various states of dishevelment the other patrons crowded around Swimer, who held a smoking revolver. At his feet lay Baumgarten and Connor, naked and fatally wounded.

Swimer confessed he had done the shooting, and spoke bitterly of the rings.

"Once," he said, "I was held up for those rings, or, rather, the larger one, which is worth \$250. Since then I've been carrying a gun."

ULSTER SITUATION GRAVE.

Rumor That Government Is Preparing for Military Occupation.

London, England, March 20.—Grave events are impending in Ulster, according to the Ulsterist newspapers. The rumor is current that the government is preparing for military occupation. There are reports of the threatened arrest of Sir Edward Carson and other Ulsterist leaders. Carson has hurried to Belfast. The marquis of Londonderry and other Ulsterites are on their way. The action is regarded as a challenge to the government.

An emergency force of picked men from the Ulster volunteers was hastily summoned to headquarters yesterday. The motive was kept secret.

EXPECT STIFF FIGHT ON TOLLS.

Senator Jones to Carry Brunt of Battle in Senate.

Washington, D. C., March 20.—More stubborn than anything that has arisen to stir the tranquility of the Democratic power is the opposition to the President's plea for the canal tolls' repeal.

While many are confident the repeal will pass, few have any idea that the majority will be large.

The debate begins in the House Saturday. The Senate will take action to-day. The President yesterday conferred with Senator Jones. Later Jones in a statement to the Senate made a denial of the charge he made in his speech Wednesday. He said they were based on newspaper reports.

RAISE MILK PRICE.

New England Producers Ask Increase of Two Cents a Can.

Boston, Mass., March 20.—New England milk producers have served notice upon consumers that they will expect an increase of two cents in the price of each eight and one-half quart can sold during the next six months.

EXPLODING BOILER INJURES SIX.

Men Were Constructing Smelting Plant at Tiltonville, O.

Martins Ferry, O., March 20.—Six men were seriously scalded early yesterday at Tiltonville, six miles from this city. The men were employed in construction work of a smelting plant, and were injured when a boiler exploded.

STAR REPORTER KILLED.

John Lawson Meets Tragic Death—Falls Down Elevator Shaft.

Chicago, March 20.—John Lawson, the best reporter in Chicago, met a tragic death last night when he fell down an elevator shaft in the Chicago Press club.

The Dorr Case.

Boston, March 20.—Governor Walsh, after hearing counsel for the condemned man yesterday announced that he would make known before next Saturday noon his decision on the petition for clemency of William A. Dorr of Stockton, Cal., whose death for the murder of George E. Marsh is set for the week beginning on Sunday next.

The Ohio Medical Journal recently stated: "All women's pains, whether headache, sideache, backache or pain of any description caused by suppressed or irregular menstruation, yield to two anti-kamnia tablets. This dose may be repeated in two hours. Every woman should have some of these tablets on hand." Ask for A-K tablets.—Advt.

Topics of the Home and Household.

Marble should be washed with ammonia and water rather than soap.

In making biscuits, use a broad bladed knife to mix ingredients.

Never turn your faucets on with a jerk. Turn slowly and gently when turning the water on or off. The faucets will wear twice as long.

A very good filling for layer cake is made by mixing a pound of finely minced shelled almonds with two eggs, a cupful of confectioner's sugar and a teaspoonful of vanilla.

Coal that is kept in a dry and airy place will burn much longer than that which is kept in a close cellar with no ventilation. When coal is stored in an airtight place it gets rid of its gas, and the absence of this renders it less powerful and more wasteful when burned.

Cleaning Delicate Ornaments.

The washing of valuable china needs to be carried out very cautiously and carefully. A big wooden bowl filled with warm soapsuds, to which a few drops of household ammonia have been added, should be prepared, and each piece of china washed separately in this, using a square of old flannel for plain pieces and a soft brush for elaborately ornamented articles.

Rinse in another wooden bowl of clear warm water and dry with linen cloths. Bronze ornaments may be washed in the same way, but should finally be polished in a chamois skin. Glass should be washed in warm water and has a little ammonia in it, but no soap, and then rinse in quite cold water. Cut glass should be washed with a brush, or, if elaborately cut and very dirty, it is rather a good plan not to wash it at all, but brush a paste of whiting and water well into it, allowing it to dry on thoroughly, then removing it with a clean brush, and finally polishing with an old silk handkerchief.

Tried Recipes.

Custard and Spinach Blocks.—Boil a quart of spinach in salted water until tender and press dry, setting aside until cold; meanwhile beat lightly two eggs, adding half a teaspoonful of salt and very gradually a pint of hot milk, stirring well. Turn into a shallow baking-dish, mixing in the finely-chopped spinach, and after placing the dish in a larger vessel of hot water, cook for three-quarters of an hour in a moderate oven. Cut when cold and firm with a sharp knife into small cubes and serve as a garnish with hot bouillon or clear soup.

Tomato Jelly Salad.—Take a can of tomatoes, strain, and mash through a colander. Put the juice in a saucepan and bring to the boiling point. Then remove from fire and strain again through a piece of cheese-cloth. Mix the juice with half a box of instantaneous gelatin dissolved in half a cup of water. Then season with paprika and salt. Pour in jelly molds and put on ice to cool. Serve on lettuce leaves with a rich mayonnaise dressing.

Escalloped Turnips.—Take five or six white turnips, according to number of people to be served, wash carefully and parboil until they are tender, usually about half an hour. Then cut in small blocks or dice and put in buttered baking-dish in which a layer of bread crumbs has been placed. Cover with sauce and sprinkle with bread crumbs. Add a little melted butter, then brown in the oven.—Modern Housewife.

To Corn Beef.—Four gallons of fresh water, one and one-half pounds coarse brown sugar, two ounces saltpeper, seven pounds common salt. Put all into a boiler and boil well, taking off the scum as it rises. Allow the pickle to get cold. Pack the meat in a suitable tub or barrel, having sufficient pickle to cover the meat. Lay a cloth over the meat well under the pickle.—Farm and Ranch.

Raisin Bread.—Three cups of yellow corn meal, one and one-half cups of Graham flour, one and one-half cups white flour, one cup N. O. molasses, one heaping teaspoon soda dissolved in one-half cup hot water, one teaspoon salt, enough sour milk to make a soft batter. Mix flour and salt, then molasses, with soda. Stir until foamy, then add milk and one and one-half cups raisins. Fill mold half full and steam three hours.—Chicago Inter-Ocean.

COLLEGE FUTURE A PROBLEM.

Wellesley's Fire Loss Is Only Partly Covered.

Boston, March 20.—The immediate future of Wellesley college is in doubt as the result of the financial loss sustained in the college hall fire.

The loss of \$900,000, based on the assessors' valuation of depreciated property and the insurance obtainable, represented only one-fourth of the cost of construction.

Bishop Lawrence, president of the executive committee, will call on the trustees to take action.

VALUE OF RHEUMA FROM THE COURT

Judge Barhorst Was Relieved of Rheumatism After Doctors Failed.

If you have tried many other remedies and doctors' treatments for rheumatism and found they failed, do not be skeptical about trying RHEUMA. Read the testimony of Judge John Barhorst of Fort Laramie, O.:

"After treatment by three doctors without result, I have been cured of a very bad case of rheumatism by using two bottles of RHEUMA. It is now two years since I used the remedy, and I am still as well as ever. Previously, I was a cripple, walking with crutches."

Such testimony should be convincing.

FOR ECZEMA OF CHILDREN

Why Two Hods?

Crawford Ranges

have an Ash Hod with a Coal Hod beside it (patented). The Ash Hod is deep and catches all of the ashes. It is easy to remove and carry and doesn't spill. Both hods free. The old, clumsy ash pan is hard to remove and strews ashes over floor and stairs.

The wonderful "Single Damper" [patented] makes perfect control of fire and oven. Better than two dampers. Have you seen it?

Gas ovens if desired; end [single] or elevated [double].

TORPEDO BOAT RAMS STEAMER.

Fifty Drown, Among Them Women and Children.

London, Eng., March 20.—A Venice dispatch says a torpedo boat sank a small steamer in the Grand canal yesterday. Fifty were drowned. The sharp

nose of the torpedo boat went through the stern of the steamer. The victims include women and children. Fifteen on deck were saved.

A Rough Voyage.

New York, March 20.—The steamer Imperator arrived from Hamburg yesterday after the roughest voyage of her

career. The port wing of her giant eagle figurehead was gone and four life boats were missing from their davits, having been carried away by an enormous wave which battered the ship on the night of March 13. Among the passengers were Mrs. John Astor, who has come to prepare for the wedding of her son, Vincent, and Mr. and Mrs. John Hays Hammond.
